

HSM HL 7009

HSM HL 7009 horizontal baling press

This very compact, horizontal working counter plate press is suitable for large disposal tasks in retail and in small to medium central storages. The bales from a HL 7009 have a cross-section of 1100 x 1100 mm and a bale length of 1200 mm up to 600 kg in weight and therefore achieve an optimum HGV capacity. With the large bales from the HL 7009, you also save on handling expenses. The integrated hydraulic lifting/tilting device significantly reduces the number of people required to compact the recycling material.

Technical data

Order number:	6336133	Bale width x Bale height x Bale length:	43.31" x 43.31" x 47.24"
EAN	4026631072311	Bale weight:	1323 lb
Pressing power:	71 t	Method of loading:	Lifting/tilting system, wire mesh cart
Specific pressing power:	84,1 psi	Length x Width x Height:	235.91" x 81.34" x 98.43"
Driving power:	14.35 HP	Weight:	16305.37 lb
Voltage / Frequency:	208 V / 60 Hz	Type of consumables:	Wire
Cycle time when idling vac�o:	47 s	Press material:	Plastic film, Mixed paper, Cardboard
Volume throughput in idle operation (theor.):	1519 cft/h		
Loading aperture width x Loading aperture length:	40.16" x 35.43"		

Product information

Very low space requirement thanks to compact and sturdy design

Convenient filling via hydraulic lifting/tilting device

Hydraulic counterplate for bale removal ensures optimum operating convenience and safety
