### Product information

The induction-hardened, solid steel cutting rollers guarantee durability.

A separate collecting bag means that the shredder material can easily be sorted and separated for correct recycling.

A separate collecting bag means that the shredder material can easily be sorted and separated for correct recycling.

### For continuous operation

The powerful motor ensures a high cutting capacity and reliable continuous operation.

### Energy-saving

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

### High level of user safety

The safety element prevents unintentional entry of materials into the machine and thereby increases the user safety.

### Automatic start/stop

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

### Display bin full

The full bin is indicated via the display and the machine switches off automatically.

### Filling level indication

The filling level of the waste container can be seen at all times through the inspection window.
