

Dust extractor HSM DE 4-240 - HDS 230

HSM DE 4-240 dust extractor

The powerful and energy efficient dust extractor in dust classification H ensures optimal extraction due to the high air flow volume, thereby significantly reducing the emission of substances which are a health hazard. The model is suitable for connection to the HSM StoreEx HDS 230 data media shredder, in both the single and dual stage variant.

Technical data

Order number:	2413117	Max. volume flow:	1177 cfm
EAN	4026631070911	Filter area:	35340 in ²
Driving power:	2,95 HP	Dust classification:	H
Voltage / Frequency:	208 V / 60 Hz	Related product line:	StoreEx
Container volume / collecting:	11.1 gal	Use for device type:	HDS 230
Width x Depth x Height:	57.48" x 36.81" x 56.69"		
Max. negative pressure:	2600 Pa		

Product information

The use of high quality materials combined with HSM's proven "Made in Germany" high manufacturing standard ensures that the product is both safe and durable for the user.

The dust extractor meets the requirements of dust classification H.

Due to the fully automatic filter cleaning, the dust extractor can be operated continuously.
