

Dust extractor HSM DE 1-8 - P425

Product information

The use of high quality materials combined with HSM's proven "Made in Germany" high manufacturing standard ensures that the product is both safe and durable for the user.

The dust extractor is suitable for connecting to the packaging machine HSM ProfiPack P425, together with the adapter set for extraction.

The dust extractor meets the requirements of dust classification M.

The dust extractor is operated with a single-phase power connection.

Technical data

Order number:	2412113	Filter area:	1240
EAN	4026631070942	Dust classification:	M
Driving power:	1.34 HP	Colour:	iron grey, light grey
Voltage / Frequency:	110-120 V / 60 Hz	Use for device type:	P425
Container volume / collecting:	0,3	Use for product line:	ProfiPack
Max. negative pressure:	19000 PA		
Max. volume flow:	117.7 cfm
