

HSM V-Press 610

The space-saving and powerful vertical baler with a wide-opening double door enables efficient and economical volume reduction of cardboard, die-cut waste, paper or film. The quiet pressing process starts immediately after closing the door. Bale ejection is automatic.

Technical data

Order number:	6110123	Pressing power:	12 t
Maximum bale weight:	220 lb	Bale size (WxHxL):	23.62 x 23.62 x 31.5 "
Loading aperture (WxH):	31.5 x 19.49 "	Number of strappings:	3
Type of consumables:	strapping tape	Motor:	5.1 HP
Voltage / Frequency:	480 V / 60 Hz	Cycle time:	22 s
Dimensions of machine (WxDxH):	47.17 x 32.4 x 78.19 "	Machine weight:	1190.49 lb

Product Information:

The powerful system is designed as Plug&Press and can be put into operation immediately at the installation location

To fill the press, the upper half of the doors is swung to the right

Special retaining claws optimize the compression of the pressing material.

Automatic start of the pressing process after closing the door

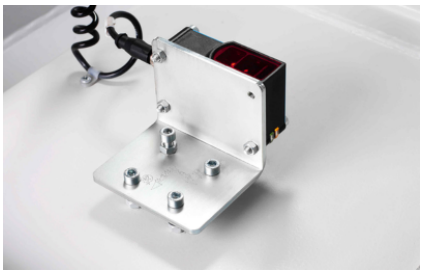

Convenient membrane keypad with text display, which shows the current status of the machine

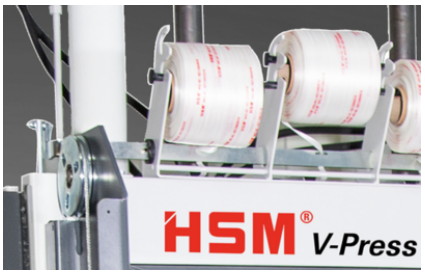

Hand wheel door lock - Easy to handle thanks to counter-rotating thread for quick opening and closing

Massive press ram and extremely robust press plate guidance

HSM TCS (Torsion Control System) for monitoring press ram movement

Manual bale strapping with continuous polyester tape

Suitable for cardboard as well as film

Made in Germany | quiet operation | reliable | simple operation | 95% volume reduction
