| Cutting type: | strip cut | Cutting size: | 1/8" |
| Security level (DIN 66399 / ISO/IEC 21964): | E-2\|P-2\|T-2 | Cutting capacity in sheets 80g/m²: | 12 - 14 |
| Noise level (idle operation): | ca. 55 - 60 dB(A) | Intake width: | 8.86 " |
| Container volume / collecting: | 6.6 gal | Collection volume in sheets: | 225 |
| Power consumption: | 160 W | Voltage / Frequency: | 110-130 V / 60 Hz |
| Width x Depth x Height: | 14.41 x 10.16 x 18.35 " | Machine weight: | 8.82 lb |

### Product Information:

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

The operation is very easy: the device starts automatically when fed with paper and automatically stops after shredding is complete.

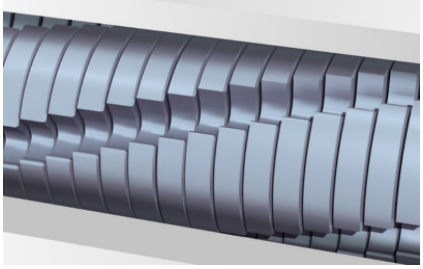
The integrated stand-by feature reduces energy consumption when the document shredder is not in use.

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine.

To empty the waste container, the housing top can be easily removed – a practical, recessed grip facilitates handling.

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.



The hardened steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.
