HSM Powerline FA 400.2 - 5.8 mm

Thanks to its large throughput, this sturdy and durable heavy duty document shredder is perfect for use in archives or central stations for document shredding.

Technical data

Order number:	1513147	EAN:	4026631020817
Cutting type:	strip cut	Security level (DIN 66399 / ISO/IEC 21964):	P-2|O-2|T-2|E-2
Cutting capacity in sheets 80g/m²:	104 - 104	Noise level (idle operation):	ca. 61 dB(A)
Intake width:	16.85 "	Driving power:	5.36 hp
Voltage / Frequency:	208 V / 60 Hz	Width x Depth x Height:	44.09 x 61.73 x 64.92 "
Machine weight:	954.6 lb		

Product Information:

Clear signals showing the operating status of the heavy duty document shredder are vital. The functional operator control panel with an LED indicator provides this information very clearly.

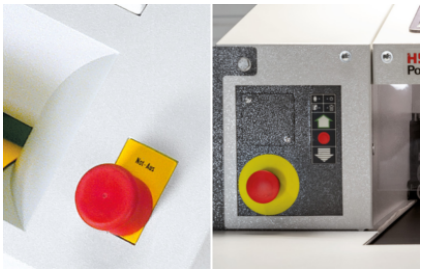
To enable you to shred documents in a continuous operation mode, the shredder has a powerful motor. This gives not only reliable continuous operation, but also a high level of shredding capacity.

The height at which the data media is inserted into the shredder means working with it is easy and convenient

The waste container can be easily removed and emptied.

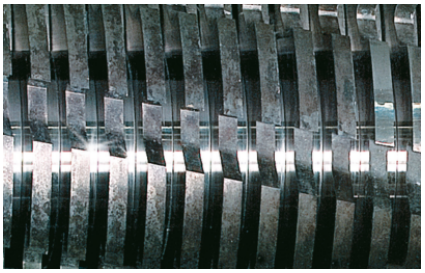
The device can be used on a mobile basis and has smooth-running, stable castors with a parking brake.

We have integrated a manual oiler into the device which will ensure it runs smoothly, giving a consistently high cutting capacity and quality.



It may be necessary to stop the machine immediately so we have equipped the device with an emergency off switch which, when activated, will do just this.

Our device has a practical storage table to put data carriers on before or during your shredding operations.



The induction-hardened, solid steel cutting rollers are robust and ensure a high level of durability.
